Gordon Chapel - Register of Deaths
1853-1904

The following entries are the the Deaths 1853 (when the Chapel reopened) through to 1904. Dean Christie kept the Register diligently until 1861 but then, for the next twenty years, failed to record entries. His successor, Canon H.E. Muriel, found various scraps of paper with entries and he then added these to the back of the Register. However, he did not add them chronologically. Images of the registers detailing these deaths are at the end of this document.
